

FADE IN:

**1 INT. GAME ROOM (SOFA IN FRONT WITH LAMPS ON EITHER SIDE AND 1
CONTROLS ON THE COFFEE TABLE) - AFTERNOON**

2 close friends are watching football and are getting drinks.
GUS (21 male, Glasses, had a recent breakup) and MIKE (21
male, baseball cap, new girlfriend in a relationship) are
chatting

GUS:

I thought she was the one man. It's
depressing going through a
relationship like that

MIKE

I hear ya dude, I recently just
hooked up with a girl named Jenna
and the 2 of us have been taking it
steady

GUS

I hope so. Although both of us have
already gotten out of our
relationships, so I hope it works
for you. Besides, are you still in
contact with Julia?

MIKE

Not recently. Jenna has been my main
focus in our relationship. I don't
want another breakup. The last time
was too rough between Julia and me,
and I don't want another breakup so
soon.

Gus ponders for a second and suspects something

GUS

I just broke up with a girl named
Jenna, do you remember?

MIKE

Not really, It's probably just
coincidental

Mike puts it together and thinks about what Gus was saying

MIKE

Are you saying she was your
girlfriend before me?

Mike realizes what he just says and tries to defend himself

MIKE

Sorry, I shouldn't assume, I'm just saying it's pretty weird that both of us were going through a rough breakup, and Jenna all of a sudden asks me out

GUS

That's fair. Even if she was dating me before, we'd already broken up. I'd say she's all yours if you're dating her

MIKE

Thanks, but I don't know how much longer it'll last knowing she already dated one of my closest friends behind my back

GUS

I don't care man at this point, do whatever. Break up with her or not, you're still a good friend of mine

MIKE

If I'm gonna date her with your knowledge, can you at least tell me about her before you two broke up?

GUS WAS UNSURE ABOUT IT, BUT REGRETFULLY FOLDED

GUS

Okay. She always wanted to explore new foods and travel. We went to many different bars and restaurants.

Mike started to glimmer a bit

MIKE:

Interesting

GUS

Did you tell her that you are her ex's best friend?

MIKE

Honestly, I had no idea until today. I'll probably tell her, but I don't know how she'll react

GUS

Makes sense. I had no idea you two were dating in the first place. If so, she likes fashion and makeup, however, she's still a sports person, so she'll want to go to sporting events as well

Mike realizes something

MIKE

That reminds me. I remember meeting her at a sports bar. Weird how she was the only girl who was single around guys and couples

GUS

She goes there on the weekends to hang out and watch games. Her best friend is a bartender there as well. Sometimes I got suspicious that something might happen, but her friend would let me know if something would happen if she got drunk and hard to focus

MIKE

Hopefully, it's not a reoccurring thing
